

IN HONOR OF PROF. TIBERIUS  
HUMITA

**HON. DAVID E. BONIOR**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 13, 2001*

Mr. BONIOR. Mr. Speaker, today I rise to give special recognition to a very dear friend of mine, a living icon of idealistic political activism, Professor Tiberius Humita. Born in Romania, Tiberius has always been on the cutting edge of social activism. From his days as a youth in Bucharest, to his time as a political refugee in Germany during WWII, to his support of progressive candidates back in Michigan, Tiberius has always stood out as a leader and an example of what it takes to institute positive change. In March of 1997, Tiberius wrote a brief article about his life. It was published in the American Romanian News, and tells the fascinating story of this man's courage and selflessness. There is no better way to describe this man's contribution to the world. I encourage all of you to read the story of Prof. Tiberius Humita. He is from a generation that had to fight for their freedom, and risk their lives for a greater cause. May his tale put in perspective just what it is we are doing here in the halls of the greatest Democracy the world has ever known.

**PROHIBIT FEDERAL FUNDING FOR  
ANY ORGANIZATION ENGAGING  
IN ANYTHING HAVING TO DO  
WITH HUMAN CLONING**

**HON. RON PAUL**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 13, 2001*

Mr. PAUL. Mr. Speaker, I rise to introduce legislation prohibiting federal funding for any organization that engages in human cloning or human cloning techniques. Moral and legal questions surrounding human cloning are among the most contentious and divisive facing America today. However, I hope we can all agree that no American should be forced to subsidize this activity.

Some believe the current prohibition on the use of federal funds for cloning and cloning research is sufficient protection for those taxpayers who object to cloning. However, this argument is flawed for two reasons. First, the current ban is not permanent and thus could be changed at will by a future Congress or administration. Second, because money is fungible, current law does not necessarily prevent federal funds from subsidizing cloning. After all, whenever a company that engages in cloning research receives federal dollars for any project, the company obviously then has more dollars available to use for cloning. Therefore, any federal funding for companies that engage in human cloning forces taxpayers to subsidize those activities. Thus, the only way to ensure that no American is forced to pay for cloning research is to eliminate all federal funding of such companies or organizations.

Thomas Jefferson said "To compel a man to furnish contributions for the promulgation of

ideas he disbelieves is both sinful and tyrannical." I hope my colleagues will embrace the spirit of Jefferson and join me in ending the sinful and tyrannical practice of forcing taxpayers to subsidize a practice so many find abhorrent. I urge my colleagues to support this bill and forbid federal funds from going to any company which engages in human cloning.

**PAYING TRIBUTE TO LINDA  
MALINSKY**

**HON. SCOTT McINNIS**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 13, 2001*

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to recognize an outstanding individual from Mancos Valley, Colorado, Linda Malinsky. Throughout the years, Linda has been a model citizen of the community by selflessly donating her time and efforts to needy organizations and seniors throughout the area. I would like now to highlight several of her efforts and commend Linda on her accomplishments.

Linda is known as a person with a kind heart and gentle soul who dedicates most of her time to the Valley Inn Nursing Home. At the home, she serves as the Social Services Director, providing her energies to ensure the continuation of a high quality of life for seniors in the home and in the area. When she is not at the home, she stays fully occupied by providing her amazing voice to her local church and other groups. Her voice is well known in the area and many of her listeners relish her sound as relaxing and soothing to the mind and spirit. In her desire to further help the elderly and provide healthcare to those in need, Linda organizes the annual Alzheimer's Walk in Boyle Park. She volunteers all her time and efforts to the charity, which annually raises thousands of dollars to fight the debilitating disease. —

Mr. Speaker, Linda Malinsky is a model citizen of the community and her hard work and efforts have not been overlooked. She has recently been named as the Citizen of the Year by the Mancos Valley Chamber of Commerce honoring Linda for her dedication to seniors in the area. I would like to congratulate Linda on her efforts and her recent award, wish her happy holidays, and good luck in her future endeavors.

**THE INTRODUCTION OF THE RE-  
TIREMENT ENHANCEMENT ACT  
OF 2001**

**HON. ROBERT E. ANDREWS**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, December 13, 2001*

Mr. ANDREWS. Mr. Speaker, I rise today to introduce the Retirement Enhancement Act of 2001. The Retirement, Enhancement Act of 2001 consists of two bills, one amending the Employee Retirement Income Security Act (ERISA) and the other amending the Internal Revenue Code (IRC).

These bills are the result of my work as the Ranking Member of the Subcommittee on Employer-Employee Relations, which last Congress and earlier this year held a number of bipartisan hearings to consider improvements to ERISA. The Subcommittee heard from a wide variety of witnesses representing pension participants, employers, and financial advisors. They presented us with a variety of proposals to improve the retirement security of American workers. The Retirement Enhancement Act seeks to take the best of these contributions, and couple them with other pension provisions that I have either advocated or supported in the past,

Joining with me as cosponsors of the Retirement Enhancement Act of 2001 are numerous members of the Committee on Education and the Workforce, including Representatives MILLER, KILDEE, OWENS, PAYNE, MINK, SCOTT, WOOLSEY, RIVERS, HINOJOSA, TIERNEY, KIND, SANCHEZ, FORD, KUCINICH, HOLT, SOLIS and MCCOLLUM. They share my belief that enactment of these bills will improve workers' access to and adequacy of needed retirement benefits.

Since the enactment of ERISA, the number of Americans who participate in a pension plan has nearly doubled from 38.4 million in 1975. While this growth is considerable, it still leaves about half of the workforce without access to a pension plan through their employer. Both the General Accounting Office and Congressional Research Service have completed studies analyzing pension coverage in the United States. The studies found that approximately 53 per cent of workers, roughly 68 million people, lacked a pension plan in 1998. About 39 per cent of those without coverage worked for an employer that did not sponsor a plan, while 14 per cent lacked coverage because their company's plan did not include them.

These bills seek to eliminate the remaining weaknesses in ERISA and lay the groundwork to help those not covered by an employer pension. These bills seek to improve pension coverage and adequacy. Under these bills, employers that sponsor plans would be required to offer pension coverage to all employees who meet current minimum eligibility requirements such as completion of one year of employment. These bills also improve coverage for part-time workers who represent one of the largest groups without pension coverage. Women represent 70 percent of the part-time workforce.

With the ever-changing, workforce, it is also important that we decrease the vesting period for workers in defined contribution plans. For workers who will have many employers during their working, lives, we need to ensure that they will earn pension benefits that will benefit them in retirement. The bill reduces pension vesting from 5 to 3 years for defined contribution plans.

The Retirement Enhancement Act seeks to expand pension availability to those workers without it. One of the innovative ways in which it would do so is to create a model small employer group pension plan into which small employers could buy in with minimal administrative responsibilities. The Departments of Labor and Treasury would work with associations or financial institutions to establish and
